Implementing Agencies:

### Program Development Objectives

Program Development Objective (from Program-for-Results Appraisal Document)

The Social Housing Program's responsibilities include preparing a national housing policy, strategies and plans, developing new programs, comprehensive targeting criteria and implementation guidelines. Its mandate will include the coordination of all residential initiatives by entities other than Ministry of Housing, Utilities, Urban Development (MOHUUD), the establishment of a monitoring and evaluation system, and the collection of land and housing market data. In this sense, it would be expected to consolidate the functions of several housing agencies/units and programs within MOHUUD. Based on its access to information and analytical work, the SHP/Fund will advise on the formulation of legislation and decrees, and decide upon the allocation of financial resources from the Fund to other entities tasked with housing production, land development, and the delivery of housing programs.
