Kingdom of Morocco/Ministry of Interior Second Identity and Targeting for Social Protection Project (P504398)

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN (ESCP)

Negotiated Version November 5, 2024

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN

- 1. The Kingdom of Morocco (the Borrower) will implement the Second Identity and Targeting for Social Protection Project (the Project), with the involvement of the Ministry of Interior (MoI), as set out in the Loan Agreement (the Agreement). The International Bank for Reconstruction and Development (the Bank) has agreed to provide financing for the Project as set out in the Agreement.
- 2. The Borrower shall ensure that the Project is carried out in accordance with the Environmental and Social Standards (ESSs) and this Environmental and Social Commitment Plan (ESCP), in a manner acceptable to the Bank. The ESCP is a part of the Agreement. Unless otherwise defined in this ESCP, capitalized terms used in this ESCP have the meanings ascribed to them in the Agreement.
- 3. Without limitation to the foregoing, this ESCP sets out material measures and actions that the Borrower shall carry out or cause to be carried out, including, as applicable, their respective timeframes; institutional, staffing, training, monitoring and reporting arrangements; and grievance management. The ESCP also sets out the environmental and social (E&S) documents that shall be prepared or updated, consulted, disclosed and implemented under the Project, consistent with the ESSs, in form and substance acceptable to the Bank. Said E&S documents may be revised from time to time with prior written agreement by the Bank. As provided for under the referred Agreement, the Borrower shall ensure that there are sufficient funds available to cover the costs of implementing the ESCP.
- 4. As agreed by the Bank and the Borrower, this ESCP will be revised from time to time, if necessary, to reflect adaptive management of Project changes or unforeseen circumstances or in response to Project performance. In such circumstances, the Bank and the Borrower agree to update the ESCP to reflect these changes through an exchange of letters signed between the Bank and the Borrower's Representative specified in the Agreement. The Borrower shall promptly disclose the updated ESCP.
- 5. The subsection on "Indicators for Implementation Readiness" below identifies the actions and measures to be monitored to assess Project readiness to begin implementation in accordance with this ESCP. Nevertheless, all actions and measures in this ESCP shall be implemented as set out in the "Timeframe" column below irrespective of whether they are listed in the referred subsection.
