Name of Counterparty / Issuer

Ruzizi III Hydro Power PD

Project Description

The project development ("PD") support provided to Ruzizi III Energy Limited ("REL") includes studies to determine the environmental, technical, and financial soundness of a proposed 206 MW run-of-river hydropower facility located on the Ruzizi River, which flows from Lake Kivu to Lake Tanganyika and forms the natural border between the Democratic Republic of Congo and Rwanda ("Project"). The PD will also address issues related to procurement, financing agreements, capacity building and environmental assessment. The PD will accelerate remaining development activities required to prepare the Project for potential DFC debt financing.
