

## Public Information Summary

---

### Host Country(ies)

Africa Regional (Zambia, Ghana, Nigeria)

---

### Name of Client

Global Steering Group for Impact Investment (GSG)

---

### Project Background

Established in 2015 as the successor to the Social Impact Investment Taskforce under the UK's presidency of the G8, the Global Steering Group on Impact Investment (GSG) is a UK-based nonprofit that brings together influential stakeholders from the private and public sectors to shift economies to deliver positive outcomes for all people and the planet through effective and diverse impact investment initiatives.

---

### Technical Assistance

\$1,000,000, with a 25% client cost-share

---

### All-Source Funding Total

\$1,333,400.00

---

### Project Description

This direct Technical Assistance Grant will support the development and structuring of a pilot cohort of three catalytic financing vehicles that support financial inclusion at scale. DFC's contribution will support the launch of two funds-of-funds (Ghana, Nigeria) and a credit-risk guarantee facility in partnership with the Central Bank (Zambia), preparing them for potential DFC investment. The TA grant will co-fund a broad menu of services that include market and feasibility studies; financial and legal structuring; outreach and marketing; impact measurement and management; capacity building; and learning and knowledge dissemination.
