3 EHS INTREGRATED POLICY - YILPORTECU

The present Occupational Safety, Hygiene, and Health Regulation has been designed considering that YILPORT TERMINAL OPERATIONS (YILPORTECU) S.A., concessionaire of the "Puerto Bolívar" Maritime Terminal, has the obligation to protect the Safety, Occupational Health, and Work Environment of its collaborators. The Integrated Policy in the paragraph below has been drawn up for this purpose:

EHS YILPORTECU INTEGRATED POLICY

“YILPORT TERMINAL OPERATIONS (YILPORTECU) S.A. focuses on providing sustainable value to its clients, employees, contractors, subcontractors, authorities, shareholders, and all users in general of the port facilities; carrying out operations in accordance with national and international standards pertaining to industrial safety, occupational health, and the environment; identifying and mitigating the level of risk in operations, taking precautions to prevent potential accidents and occupational diseases; and minimizing environmental pollution. We are convinced that Human Resources is the most valuable factor in the company and that the best legacy for future generations is a healthy and sustainable environment.”
