

***Notice to readers of the Dasa Project Environmental and Social Impact Assessment,
Environmental and Social Impact Assessment Addendum and Non Technical Summary.***

Global Atomic Corporation (“Global Atomic”) through its wholly owned subsidiary Global Atomic Fuels Corporation owns an 80% interest in SOMIDA S.A. a Nigereian Company; the Government of Niger owns the remaining 20% of SOMIDA. SOMIDA owns the DASA Uranium Project located in Niger, Africa.

The DASA Uranium Project is fully permitted for underground mining and construction of supporting infrastructure. Underground mine development and construction of surface infrastructure are currently underway, commercial production is scheduled to begin in early 2025.

In connection with Global Atomic’s application for project financing from Export Development Canada (EDC) and the United States International Development Finance Corporation (DFC), the following documents are hereby posted on the DFC web site for public review for a period of sixty (60) days:

1. Dasa Project Environmental and Social Impact Assessment dated December 16, 2022
2. Dasa Project Environmental and Social Impact Assessment dated December 16, 2022 - Appendices
3. Dasa Project Environmental and Social Impact Assessment Addendum dated February 24, 2023
4. Dasa Project Non Technical Summary dated February 24, 2023
