

Public Information Summary

Host Country:	Mexico
Name of Grantee:	Nilus Mexico S.R.L. de C.V.
Project Description:	<p>Nilus Mexico S.R.L. de C.V. (“Nilus”) is a company combatting food insecurity in Mexico by providing discounted groceries to low-income families living in food deserts. DFC has provided Nilus with a \$5.2 million direct loan that will support the operational and capital expenses needed for Nilus to breakeven in Mexico City and expand to a new market. The post-investment technical assistance of \$330,000 will be carried out over twenty-four (24) months in Mexico City and split into three components – creating community leader trainings for women community leaders; developing enhanced impact measurement tools; and enhancing corporate governance practices – all of which will strengthen the developmental impact of DFC’s debt investment. As a result of the TA, Nilus will be able to operate more effectively, reaching more end-customers who are food insecure and expanding access to affordable, healthy food in Mexico City.</p>
