Project Description

According to the Bank's website, the overall project is estimated to cost \$400 million, including additional financing of \$133.3 million, of which Asian Development Bank (ADB) is providing \$100 million loan from concessional ordinary capital resources. The Government of Bangladesh will finance \$20 million, and the small and medium-sized enterprises (SMEs) will finance the balance of \$13.3 million. A TA grant of \$650,000, financed by the Japan Fund for Prosperous and Resilient Asia and the Pacific (JFPR) (\$500,000) and the Financial Sector Development Partnership Special Fund (FSDPSF) (\$150,000), will be provided for the outreach and support program to the SMEs

The ongoing project, Loan 3367-BAN: SMEDP2, is aimed at accelerating the development of SMEs located outside the metropolitan areas of Dhaka and Chattogram, by improving their access to bank financing through onlending by the participating financial institutions (PFIs) to eligible small and medium-sized enterprises. Two-thirds of the fund of this project are reserved for the cottage, micro, and small enterprises, of which 15% are reserved for women entrepreneurs.

The ongoing project comprises (i) a financial intermediary loan of \$200 million for a credit line to the Bangladesh Bank and (ii) a TA grant of \$2 million to strengthen the capacity of SME entrepreneurs to access bank financing and SME support institutions. The Ministry of Finance (MOF) is the executing agency and Bangladesh Bank is the implementing agency.

ADB approved a loan of \$200 million from its ordinary capital resources on 19 January 2016, which provides financing to eligible SME sector through Bangladesh Bank and eligible PFIs. The loan and project agreements were signed on 18 January 2017 and became effective on 27 November 2017 after some adjustment to the project design (Attachment 3). The original loan closing date of 30 June 2021 has been extended to 31 December 2022 because of the impact of coronavirus disease (COVID-19) pandemic. As of 30 June 2022, ADB has fully disbursed the loan component. The \$2-million piggy-backed TA 9068-BAN: Strengthening Capacities of Small and Medium-Sized Enterprise Stakeholders to Access Bank Financing and Services, financed by JFPR, was approved on 19 January 2016, and became effective on 23 January 2017. Bangladesh Bank and SME Foundation were the two implementing agencies of the TA. The original TA closing date of 31 March 2019 was extended to 18 January 2021, and it was closed on 8 April 2021 with 91.3% fund utilization.
