Project Description

According to ADB website, the project will improve an estimated 280 kilometers (km) of national primary, secondary, and tertiary roads in Mindanao. The improvements will include paving earth roads, replacing damaged road sections, widening existing roads, adding surface overlays, and replacing and strengthening bridges. The project roads will be designed with features to strengthen resilience to climate change. It will finance detailed engineering for improvement of another 300 km of national highways in Mindanao, to be implemented under future projects.

The project will improve the institutional capacity of DPWH to make management of the transport sector more efficient and contribute to improved operations of the transport sector in Mindanao and nationwide.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
