Advanced Electricity Metering Project Phase 2

ADB-41340-014

Quick Facts

Countries	Uzbekistan
Specific Location	Andijan, Ferghana, Kashkadarya, Namangan, Surkhandarya
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	U
Voting Date	2013-06-05
Borrower	UzbekEnergo
Sectors	Energy, Infrastructure
Investment Type(s)	Grant
Investment Amount (USD)	$ 0.52 million
Project Cost (USD)	$ 0.77 million

Project Description

This project replicates and expands the advanced electricity metering system that uses modern, accurate, and theft-proof revenue meters for the power grid system and the end-user in five new regions (Andijan, Ferghana, Kashkadarya, Namangan, and Surkhandarya).

The project will include installation of 3.1 million meters, a meter data management system that includes billing and energy data management, and capacity development for operational improvement.

Investment Description

- Asian Development Bank (ADB)

US$0.52 million from the ADB's Technical Assistance Special Fund
US$0.25 million from the Agence Francaise de Developpement

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at:
http://www.adb.org/site/accountability-mechanism/main
