Developing South Asian Livable Cities Facility

Early Warning System

Developing South Asian Livable Cities Facility

ADB-42173-015

Quick Facts

Countries	Bangladesh, Bhutan, Maldives, Nepal, Sri Lanka
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	U
Voting Date	2019-08-07
Sectors	Technical Cooperation
Investment Type(s)	Fund
Investment Amount (USD)	$ 4.00 million

Project Description

According to the bank website, "The proposed transaction technical assistance (TA) facility will provide (i) project preparation support to a series of ensuing urban sector projects in South Asia during 2019-2022; and (ii) capacity building and project implementation support to a series of ongoing projects. The ensuing projects being prepared by the urban development and water division of South Asia are aligned with Asian Development Bank's (ADB) Strategy 2030 with an operational priority of building livable cities that are green, competitive, inclusive and resilient. The projects will contribute to integrated, sustainable and smart urban development in the region, promote and showcase innovations, and thus require corresponding technical, safeguard, governance, financial management, and economic due diligence in addition to advance contracting and readiness requirements set by the developing member countries in South Asia and ADB to ensure efficient implementation. Large efficiency gains can be achieved by utilizing a combined facility approach for the development of multiple projects under a single cost center."

Investment Description

- Asian Development Bank (ADB)

6 ADB Avenue,
Mandaluyong City 1550, Philippines

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
