Loan Amount (USD)	$ 20.00 million

Project Description

According to ADB website, the Government of Mongolia has requested ADB's consideration of a second additional financing loan to the current project to scale up and extend its socio-economic benefits through improving the quality and reliability of wastewater management services in five additional prominent and fast growing aimag centers in other regions of the country. The additional financing will also continue to strengthen system sustainability through the provision of technical assistance to enhance wastewater management capabilities of the aimag public utility service organizations in the additional project aimag centers.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
