Loan Amount (USD)	$ 149.00 million

Project Description

According to the bank website, "tranche 2 will finance water supply infrastructure in Guwahati, and drainage infrastructure in Guwahati and Dibrugarh cities of Assam. The tranche will support infrastructure investments to (1) augment water supply system in Guwahati to benefit additional 350,000 residents; and (2) improve drainage system in Guwahati and Dibrugarh to reduce water logging and flooding. The project will also support (1) capacity development of staff from urban local bodies and implementing agencies; and (2) community awareness campaigns."

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
