Investment Amount (USD)	\$ 205.00 million
Project Cost (USD)	\$ 530.00 million

### Project Description

According to bank documents, "the Asian Development Bank is working with Bangladesh to boost the country's power supply. The project is working to reform and strengthen the power sector, using both public and private sector financing, to build and improve power plants, and expand power distribution lines."

This funding for Tranche 3 will cover investments in generation system expansion and efficiency improvement, transmission system enhancement, and demand side energy efficiency improvement. Tranche 3 is specifically focused on enhancement of generation and transmission capacity.

### Investment Description

- Asian Development Bank (ADB)

According to bank documents, this project is co-financed by the Islamic Development Bank:

Islamic Development Bank US\$ 220.00 million

Ramna,Dhaka, Bangladesh

#### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
