Loan Amount (USD)	$ 42.00 million
Project Cost (USD)	$ 52.50 million

Project Description

According to ADB website, ADB is helping Uzbekistan improve sewerage services in Fergana, Margilan, and surrounding districts. The project will rehabilitate and expand the sewerage system in Fergana and Margilan, which is also used by Tashlak and other nearby districts. It will also support capacity development of service agencies and project management. The impact will be improved living standards, environment, and public health in Fergana, Margilan, and Tashlak cities and the surrounding districts.

The project is related to active ADB projects - ADB-42489-013 (MFF - Water Supply and Sanitation Services Investment Program - Facility Concept), ADB-42489-023 (Water Supply and Sanitation Services Investment Program - Tranche 1) and ADB-42489-043 (Water Supply and Sanitation Services Investment Program - Tranche 3).

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
