Project Description

This project provides technical assistance to sustainable urban development efforts in Rajasthan by establishing governance changes. This includes corporatizing state-level management and city-level utilities, promoting public-private partnerships, delegating operations to municipal organizations, rationalizing urban property tax and improving revenue obtained from water and sanitation charges, and developing a long-term urban development policy and a human resource development plan. This project also funds improvements to water supply and wastewater services and establishing monitoring of urban services.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
