Project Description

According to ADB website, the program will support the Government of Indonesia in implementing its irrigation improvement program (IIP), 2015-2025, which advances the overarching agenda of food security and rural poverty reduction through increased and improved water delivery. The focus of the ADB support will be on improving irrigation system operation, maintenance, and water delivery to farmers. The program will finance a time slice of the government's IIP in 74 districts. The International Fund for Agricultural Development (IFAD) is providing parallel financing to the Ministry of Agriculture for improved delivery of agricultural services to maximize the benefits of the irrigation improvements.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
