### Project Description

According to the bank website, "The Bagmati River Basin Improvement Project (current project) will improve river health and flood management in the BRB. The additional financing is required to expand the current project, including (i) consolidation of water management institutions; (ii) expansion of riverbank beautification works; (iii) mobilization of the riverine community; and (iv) the design, building, and operation of a wastewater treatment plant (WWTP). The additional financing is also required to cover the cost overruns to the current project, the performance of which is on track."

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
