Flood and Riverbank Erosion Risk Management Investment Program

Early Warning System

Flood and Riverbank Erosion Risk Management Investment Program

ADB-44167-013

Quick Facts

Countries	Bangladesh
Specific Location	Jamuna, Ganges, Padma
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	A
Voting Date	2014-06-26
Borrower	Bangladesh Water Development Board
Sectors	Agriculture and Forestry, Construction, Infrastructure, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	$ 270.30 million
Project Cost (USD)	$ 373.70 million

Project Description

This project finances the construction of riverbank revetments, construction and rehabilitation of flood embankments, training for communities to maintain the structures and to manage flood and erosion risks at the community level. The project will construct about 50 kilometers (km) of riverbank protection structures, rehabilitate and construct 89 km of flood embankments with climate-resilient design, and construct innovative riverbank protection structures on a trial basis.

Investment Description

- Asian Development Bank (ADB)

This project is funded by:
Government of the Netherlands: US$ 15.3 million
ADB: US$ 255 million

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
