### **Project Description**

According to ADB website, the technical assistance will improve the government's fiduciary risk management at central and local levels. It will improve capacity in fiduciary management by supporting annual fiduciary reviews and conducting in-depth reviews of identified fiduciary risks. It will also help in the smooth introduction of a single budget system by supporting preparation of satisfactory financial statements and reports, following-up audit observations, and preparing audit reports.

### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
