Project Description

This project finances the improvement of systems for local government accountability and financial management reporting in order to ensure high-quality, effective, efficient, transparent, accountable, economically and physically accessible and nondiscriminatory delivery of public service. This includes providing training to the personnel and stakeholders that implement the new performance audit systems, as well as advisory support to national and local government agencies.

Investment Description

- Asian Development Bank (ADB)

This project is financed by ADB's Technical Assistance Special Fund.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
