Project Description

According to the Bank's website, the Transaction technical assistance (TA) will help the Government to develop a capacity to manage implementation and operation of the ensuing project, Davao Public Transport Modernization Project, and establish the institutional structures for project implementation and operations. The project is aligned with the following impact: inclusive mobility and accessibility of the mass transport network in Davao City improved. The project will have the following outcome: reliability, efficiency, and environmental impact of public transport improved. The project will help to (i) finance the development of a modern bus system in Davao City, which will be operated with performance-based contracts, environmentally friendly with 380 electric buses, and designed friendly to elderly people, women, children, and people with disabilities; (ii) strengthen institutional capacity of the City and DOTr, and (iii) implement the social development.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
