Project Description

According to ADB website, the ADB is helping the People’s Republic of China improve the training of kindergarten teachers and nurses in Nanning city in Guangxi Zhuang Autonomous Region. The project will upgrade facilities and equipment at No. 4 Vocational Secondary School and Nanning Health School, develop elderly care curriculum for the nursing program, and set up pilot training in kindergarten teaching and rural health.

The proposed project will help improve the capacity and effectiveness of social services focused technical and vocational education and training (TVET) in Nanning. It will support improvement of No. 4 Vocational Secondary School and Nanning Health School, thereby creating a cadre of qualified kindergarten teachers and nurses to address current skilled worker shortages and inadequate extension of social services. The proposed project will be only the second Asian Development Bank (ADB)-financed TVET investment project in the People's Republic of China (PRC), and will play a demonstration role for the sector and provinces seeking to provide quality public social services.
