ADB-46346-003

Ebeye Water and Sanitation Project (Additional Financing)

## **Project Description**

According to the bank's website, "The additional financing will: (i) further strengthen KAJUR's financial and technical capacity to sustainable deliver water supply and sewerage services on Ebeye; and (ii) sustain the improved water supply and sanitation services and enhanced hygiene awareness and behaviors on Ebeye which are critical to eliminate the transmission of COVID-19 and other waterborne and transmissible diseases. The project sustainability will be improved which is in line with the lessons learnt for the Pacific Department in the Independent Evaluation Department's Annual Evaluation Report of 2019. The project's target impacts will remain unchanged and outputs will be strengthened."

### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
