Project Description

The Government of Indonesia has plans to establish the country's first municipal bond issuance program. This is to help raise funds for infrastructure and other development expenditures at sub-national government level. This will be piloted by DKI Jakarta and Central Java.

Another priority initiative is the introduction of new infrastructure financing products in support of private sector investment in infrastructure through the state-owned infrastructure financing company, PT Sarana Multi Infrastruktur (PT.SMI) as well as the Indonesia Infrastructure Facility (IIF) and the Indonesia Infrastructure Guarantee Fund (IIGF).

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
