Adapting to Climate Change through Integrated Water Resources  
Management

### Quick Facts

<b>Countries</b>	Bhutan
<b>Financial Institutions</b>	Asian Development Bank (ADB)
<b>Status</b>	Canceled
<b>Bank Risk Rating</b>	U
<b>Voting Date</b>	2014-02-28
<b>Borrower</b>	National Environment Commission
<b>Sectors</b>	Agriculture and Forestry, Climate and Environment, Law and Government, Technical Cooperation, Water and Sanitation
<b>Investment Type(s)</b>	Grant

### Project Description

This project provides capacity development technical assistance to the National Environment Commission and other agencies in implementing parts of the 2011 Water Act and other water regulation. The assistance will also further river basin management and strengthen resilience to environmental variability and the effects of climate change.

## Investment Description

- Asian Development Bank (ADB)

The financing for this project is as follows:

ADB: Technical Assistance

Multi-Donor Trust Fund under the Water Financing Partnership Facility: US\$ 250,000

Japan Fund for Poverty Reduction: US\$ 1.5 million

---

### Contact Information

National Environment Commission

Royal Government of Bhutan P.O.Box 466 Thimphu, Bhutan

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
