Hubei Enshi Qing River Upstream Environment Rehabilitation Project

Early Warning System

Hubei Enshi Qing River Upstream Environment Rehabilitation Project

ADB-47048-002

Quick Facts

Countries	China
Specific Location	Hubei province
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	A
Voting Date	2015-09-11
Borrower	Government of People's Republic of China
Sectors	Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	$ 100.00 million
Project Cost (USD)	$ 231.62 million

Project Description

The project will address inadequate wastewater collection and treatment, extensive nonpoint source pollution, and recurrent flooding that affect living standards and sustainable economic development in the Enshi Tujia and Miao Autonomous Prefecture (ETMAP) of Hubei province. The impact will be the improved environmental ecological sustainability in the upper Qing River basin . The outcome will be the improved river health and water resource management in the upper Qing River basin. The project's expected outputs are: (i) wastewater management improved; (ii) flood management enhanced; (iii) water and environmental management integrated; and (iv) inclusive capacity development strengthened.

IMPACT

Environmental ecological sustainability in the upstream Qing river basin improved (Qing River Basin Pollution Prevention and Control Master Plan, 2010- 2020)

CONSULTING SERVICES

All consulting services will be engaged in accordance with ADB's Guidelines on the Use of Consultants (2013, as amended from time to time).

PROCUREMENT

All ADB-financed procurement for the project will be conducted in accordance with ADB's Procurement Guidelines (2013, as amended from time to time). A procurement agency will be hired to conduct procurement on behalf of the implementing agencies.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
