Early Warning System

ADB-47070-002

Hunan Dongjiang Lake Integrated Environmental Protection and Management Project

Quick Facts

Countries	China
Specific Location	Zixing City, Chenzhou Municipality, Hunan Province
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	A
Voting Date	2015-11-25
Borrower	Government of the People's Republic of China, Zixing City Government
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Loan Amount (USD)	$ 130.00 million
Project Cost (USD)	$ 262.03 million

Project Description

According to ADB website, the ADB is working with the People's Republic of China to cut pollution and improve watershed management in Dongjiang Lake, a key freshwater resource for Hunan province. The project is building wastewater treatment and water supply plants and carrying out riverbank landscaping, reforestation and green pest control. It is also supporting alternative livelihood training for rural residents.

The project will introduce an integrated approach to address the current constraints in lake environmental protection and livelihood development.The impact will be the achievement of sustainable economic development of the Xiang River basin in Hunan Province. The outcome will be the achievement of integrated environmental protection in Dongjiang Lake basin.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
