Project Description

According to ADB website, the TA will assist the Henan government to improve public expenditure performance monitoring. It will review and clarify the concept of public expenditure performance monitoring (including principles, methods, indicators and standards), and review domestic and international experiences on public expenditure performance monitoring (including regulations and laws).

The scope of the TA will also include reviewing how public expenditure is currently being monitored in Henan, identifying the major issues relating to public expenditure performance monitoring in Henan (including transfer payment for special projects), identifying the major obstacles to implementing a public expenditure performance monitoring framework, identifying major areas of public expenditure where monitoring could be applied and proposing appropriate indicators, and recommend an appropriate framework for public expenditure performance monitoring for Henan, taking into consideration local conditions, and domestic and international experiences.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
