Project Description

According to ADB website, the TA will support the completion of negotiations on the CHP5 transaction. This will both finalize project preparation and develop the capacity for PPP implementation through a learning-by-doing' approach. The TA will complement other assistance provided by ADB to strengthen the legal, policy and institutional framework for PPPs. The impact will be delivery of improved public services to poorly serviced populations in Ulaanbaatar.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
