Project Description

This project provides support for government staff working on Asian Development Bank-funded projects, with water sector projects as the trial projects. This project also established a project management system with internet technology tools, technical support for water sector project planning and implementation, and training courses on project and contract management for education, energy, transport, and water sectors.

Investment Description

- Asian Development Bank (ADB)

Contact Information

Asian Development Bank
6 ADB Avenue,
Mandaluyong City 1550, Philippines

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
