Project Description

According to ADB documents, the TA aims to improve transparency and efficiency in public financial management. The achievement will be measured by enhanced utilization of a public investment information management and monitoring platform, and an e-taxation system. The outcome will be improved functionality and system integration of the public investment information management and monitoring platform, and the e-taxation system. It has two components:

Component 1: Improve Transparency and Efficiency in Public Investment
Component 2: Electronic Taxation System

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
