| **Sectors** | Industry and Trade, Law and Government, Technical Cooperation, Transport |
| **Investment Type(s)** | Grant |
| **Investment Amount (USD)** | $ 1.00 million |

## Project Description

The technical assistance will help reduce the cost of movement of freight and passengers within Afghanistan with a more efficient allocation of transportation resources, by prioritizing physical and non-physical interventions in the transport network on the basis of logical criteria. The project will study proposed new investment projects as well as both maintenance activities and soft issues' such as demand management, pricing, and transport sector reforms.

## Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
