Project Description

According to ADB website, the TA seeks to develop a national transport policy and action plan for Georgia. The national transport policy and action plan will assist Georgia in identifying actions needed to improve the performance of the transport sector. The impact will be a safer and more efficient transport system that promotes economic growth in Georgia. The outcome will be government adoption of the transport policy and action plan. The main outputs of the TA are:

1. National transport policy recommendations and action plan
2. A long-term human resource development plan with strengthened transport planning capacity for MOESD staff
3. Guidelines for prioritization of transport projects with provided support to transport agencies in implementation

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
