## Project Description

The MFF will reinforce ongoing projects and finance new investments to boost energy trade and regional cooperation, strengthen the country's energy infrastructure, increase energy supply to accelerate electrification rate, and improve operational efficiency in the sector. In power, generation (renewable energy), transmission (regional and domestic lines), and distribution (on- and off-grid networks) projects are proposed; while wells rehabilitation is planned in gas.

The impact of the MFF will be improved access to sustainable energy supplies across Afghanistan. The outcome will be increased supply of imported and indigenous power.

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
