Project Description

According to ADB website, the grant aims at mitigating the adverse social and economic impacts on the poor resulting from Typhoon Yolanda (international name Haiyan) in the Eastern Visayas. The outcome will be that the populations in 74 poor municipalities affected by Typhoon Yolanda have access to emergency support and early recovery systems and are more resilient during future disasters. The grant outputs are in 3 components:

1. Local government unit infrastructure is restored, and access to emergency employment and livelihood support is provided
2. Basic emergency maternal and child health care services are provided
3. Improved resilience to future disasters and effective project management, coordination, monitoring, and reporting are achieved

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
