<b>Voting Date</b>	2014-05-19
<b>Borrower</b>	Adjaristsqali Georgia
<b>Sectors</b>	Energy
<b>Investment Type(s)</b>	Loan
<b>Investment Amount (USD)</b>	\$ 90.00 million
<b>Loan Amount (USD)</b>	\$ 90.00 million

---

## **Project Description**

According to ADB website, the Adjaristsqali Hydropower Project involves the construction and operation of a 185 MW run-of-the-river hydropower plant in South West Georgia. The electricity will be sold to Turkey for 9 months and to the local market for 3 months in each year.

The project is expected to accelerate development of Georgia's hydropower sector by catalyzing more private sector investment and increasing cross-border energy trading in the region.

**Investment Description**

- Asian Development Bank (ADB)

---

## Contact Information

Project Officer: Singh, Samarendra  
Private Sector Operations Department  
No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
