Project Description

According to ADB website, this TA will enhance rural outcomes in three ways. First, the TA will assess a random sample of the houses constructed, infrastructure, community facilities, home-based businesses and oversight mechanisms in the field, and recommend ways to improve them. Second, the technical capacity of relevant government agencies will be enhanced, to improve HIRD physical implementation and enable any necessary changes to policies, procedures, and practives for construction and completion of rural houses and related infrastructure. Third, responsiveness to client needs from Government agencies will be improved by better interactions with HIRD beneficiaries.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
