Voting Date	2014-12-12
Borrower	Government of Mongolia, Ministry of Environment and Tourism
Sectors	Agriculture and Forestry
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.40 million

Project Description

According to ADB website, the TA supports the Interim Country Partnership Strategy (ICPS) for Mongolia, 2014-2016 as part of the core sector on agriculture, natural resources, and rural development. The ICPS indicates that, in order to prevent natural resource degradation and environmental pollution, ADB will support sustainable management of natural resources (i.e. water, land, forests, and peatlands), water security and information management, and protected area management.

The TA directly responds to the priorities identified in the National Action Program on Climate Change (NAPCC, ratified by parliament in 2010) in Mongolia. The TA responds to NAPCC Strategic Objective 1, on supporting the establishment of the institutional framework on climate change; Strategic Objective 2, on strengthening national adaptation capacity; Strategic Objective 4, on capacity building related to climate change monitoring; and Strategic Objective 5, on community participation and livelihood support in relation to climate change. Safeguard categorization does not apply for this project based on bank's documents.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
