Second Power Transmission Enhancement Investment Program

Early Warning System

Second Power Transmission Enhancement Investment Program

ADB-48078-002

Quick Facts

Countries	Pakistan
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	A
Voting Date	2016-08-23
Sectors	Energy, Infrastructure
Investment Type(s)	Loan
Investment Amount (USD)	$ 800.00 million

Project Description

The objective of the multitranche financing facility (MFF) is to improve Pakistan's power transmission infrastructure and management. To achieve this objective, the investment program includes: (i) staged physical investments in the transmission system to increase transmission capacity, improve efficiency and energy security, and evacuate additional sources of power; and (ii) nonphysical investments to support institutional efficiency, cost recovery, competition, transparency and good governance within the sector.

Investment Description

- Asian Development Bank (ADB)

MFF Facility Concept 0092-PAK: MFF Second Power Transmission Enhancement Investment Program
Ordinary capital resources US$ 800.00 million

Concessional ordinary capital resources / Asian Development Fund US$ 10.00 million

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
