### Project Description

This project funds transformation of 10,000 ha into new agricultural land, improvements to irrigation systems for 20,000 ha of land, and protecting 1,500 ha of watershed land. Specifically, the project constructs new small dams and flood irrigation systems, does construction on 300 km of canals, drains, and underground water channels, develops a satellite-based water information system, and increases capacity of local community governance, the Irrigation and Power Department, and the Agriculture and Cooperative Department.

Government of Balochistan Quetta, Balochistan, Pakistan

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
