Project Description

According to ADB website, the government's annual budget cannot meet the total projected investments required to efficiently deliver electricity to all customers and meet the country's socioeconomic development targets. Enabling private sector participation in Azerbaijan's power sector will assist the government meet the significant investment requirements for the sector, improve overall sector efficiency, and prepare a pilot project to catalyze potential future power sector reforms. The TA will reference international best practice for private sector participation in the power sector and assess the potential application and benefits specific to Azerbaijan's power sector.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
