Subyai Wind Power Project

Early Warning System

Subyai Wind Power Project

ADB-48233-001

Quick Facts

Countries	Thailand
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	B
Voting Date	2014-12-04
Borrower	Chaiyaphum Wind Farm Company Limited
Sectors	Energy
Investment Type(s)	Loan
Investment Amount (USD)	$ 237.84 million

Project Description

According to ADB website, the Subyai Wind Power Project entails the construction of a 90MW wind power plant in Subyai district, Chaiyaphum province. The Project will be implemented under a 5-year automatically-renewable Power Purchase Agreement (PPA) with the Electricity Generating Authority of Thailand (EGAT) under the Small Power Producers (SPP) program. The Project is an extension of the very small 7.5 MW Theppana Wind Power Project, which was financed by the ADB in 2013 to provide a financing structure that can be easily replicated for the much larger 90MW Subyai Wind Power Project.

Investment Description

- Asian Development Bank (ADB)

Contact Information

Project Officer: Gaza, Anne Kathryn C.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
