Project Description

According to ADB website, the Mongolia Interim CPS emphasizes the importance of employment creation, support for agribusiness and small and medium-sized enterprises (SMEs). The TA will reinforce this support and emphasis by contributing to a more stable and predictable environment that will give importers and exporters greater confidence as they go about their business. Increased stability and predictability will create greater opportunities for ADB's Trade Finance Program, enhance Mongolia's competitiveness and economic diversification, and complement associated Central Asia Regional Economic Cooperation (CAREC) program trade facilitation initiatives.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
