<b>Investment Amount (USD)</b>	\$ 215.11 million
<b>Loan Amount (USD)</b>	\$ 175.39 million
<b>Grant Amount (USD)</b>	\$ 39.72 million

### **Project Description**

According to ADB website, the ADB is working with Kyrgyz Republic to build key roads in the country. The project is helping to rehabilitate 43 kilometers of a road leading to Balykchy village, and to improve a road from Kochkor village to Jyldyz village. A road leading to Aral village via the Sususamyр valley will also be improved.

The project will connect two major CAREC regional corridors by rehabilitating a crucial connector road, part of the North South Alternate Corridor, which is a priority in the National Sustainable Development Strategy. It will improve connectivity and mobility in the country and link the economic underprivileged regions with the economic hubs, as well as strengthen road maintenance practices and institutional capacity by introducing and implementing a road asset management system and a project implementation unit administrative manual and procedure.

Project Officer: Singru, Narendra

Central and West Asia Department

No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
