Project Description

The Highlands region consists of seven mountainous landlocked provinces with high agricultural production of fresh produce and cash crops, mainly coffee, tea, and cocoa, contributing a third of PNG's gross domestic product; and mineral and petroleum resources accounts for nearly 80% of national exports. The 1,200 km long 2-lane rural Highlands Highway is the lifeline for the Highlands region connecting 1,800 km of regional and feeder roads servicing about 3 million people, of whom 85% are rural, and transferring goods. The Highway connects the Highlands region to the coastal provinces and the country's main port in Lae.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
