Strengthening Climate and Disaster Resilience of Investments in the Pacific

Early Warning System

Strengthening Climate and Disaster Resilience of Investments in the Pacific

ADB-48488-001

Quick Facts

Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	B
Voting Date	2015-09-18
Borrower	Regional
Sectors	Transport
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 2.00 million

Project Description

According to ADB website, the TA will strengthen the resilience of investments in the Pacific by: (1) incorporating climate change and disaster risk management (DRM) considerations into project designs, (2) strengthening integration of climate change and DRM considerations in government planning processes in key sectors in selected countries, and (3) supporting access to climate change financing.

The impact will be strengthened integrated risk management to enhance the climate and disaster resilience of Pacific DMCs. The outcome will be increased climate and disaster resilience of investments in Pacific DMCs. This will be measured by Pacific DMCs adopting procedures for incorporating climate and disaster risk management into sector investments, and increased flow of climate change financing to selected countries.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
