### **Project Description**

This project provides technical assistance for the proposed Georgia State Electrosystem Corporatization and Electricity Market Reforms Program. According to Bank documents, this program aims to strengthen the corporate governance and financial management of GSE (Georgia's electricity transmission company) and improve electricity market competition by supporting an independent market operator.

The technical assistance will include program due diligence, capacity building, and support for donor coordination and stakeholder consultation.

## **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
