Project Description

According to ADB website, the Midterm Review (MTR) of the Asian Development Bank (ADB)'s Strategy 2020 emphasizes the importance of enhancing the provision of knowledge solutions to developing member countries (DMCs), and stresses that the value provided by ADB operations includes delivering up-to-date knowledge products and services (KPS) and cross-country experiences, in addition to finance. Knowledge and knowledge management are recognized as important elements of ADB's finance approach, integrating ADB financing with support for knowledge solutions.

The project is aligned with the long-term economic development strategies of Central and West Asian countries by promoting their ability to use knowledge products and services.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
