## Project Description

According to the bank website, "The project will provide safe and sustainable drinking water as per the standards set by the Government of India to about 1.65 million people in the arsenic, fluoride, and salinity- affected selected areas of Bankura, North 24 Parganas and Purba Medinipur districts of West Bengal (project districts). It will introduce an innovative and sustainable institutional framework and advanced technology for smart water management to enable efficient service delivery in project districts."

### Investment Description

- Asian Development Bank (ADB)

-India Public Health Engineering Department, Government of West Bengal
DIRWSSO@WBPHED.GOV.IN
N.S. Bldg, 7th Floor, 1, K.S Roy Road, Kolkata

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
